Table of Contents

Chapter 1. Introduction

A paragraph followed by an unordered list [1: AsciiDoc supports unordered, ordered, and description lists.] with square bullets. [2: You may choose from square, disc, and circle for the bullet style.]

- item 1
- item 2

1.1. How does it work?

Here's how you say "Hello, World!" in Prawn:

Create a basic PDF document using Prawn

```ruby
require 'prawn'

Prawn::Document.generate 'example.pdf' do
  text 'Hello, World!'
end
```
